The ability of staff to protect children in their care is critical. All staff will be expected to undertake **training** in child protection at a level appropriate to their position. Payoke will ensure that such knowledge is kept up-to-date and relevant.

Payoke recognises that induction training for new employees is critical to the safety of children and all staff whether paid or unpaid will attend induction training on child abuse.

All staff will **receive and sign a copy of the Child Protection Policy**. Reference to the Child Protection Policy will be made on a regular basis in staff meetings and training sessions, so that staff remain familiar with and up to date with statements and procedures.

Payoke believes that trained staff are essential and will provide time, resources and funding to support this process.

Safe working practices

Upon the approval of the Policy, all Payoke members, including board, managers, staff and volunteers must receive and sign a copy of the document.

Implementation of child safeguarding policies and procedures is regularly **monitored**. Learning from practical case experience informs policy review and changes to child safeguarding measures.

The Child Protection Policy and its annexes shall be made publicly available to all those who come in contact with the organisation. The Policy and complaint form shall be published on Payoke's website, including an option for anonymous reporting of misconduct.
